CHAIRMAN'S REVIEW

It gives me immense pleasure to present the Annual Report of the Bank of Khyber for the year 2020.

The year was marred by a fragile operating environment and downside risks to the economy posed by Covid-19 pandemic. To tide over the situation, the State Bank of Pakistan also adopted a flexible and accommodative policy approach by providing a noteworthy stimulus package to the business set ups, including large corporates. Besides, interest rates were brought down significantly and various other regulatory relief measures were announced which helped businesses to dampen the effects of Covid-19.

It is heartening to note that the bank successfully navigated through the year by posting a outstanding financial results and reporting visible improvement in all key areas. The Bank maintained its growth trajectory and continued to consolidate its position. The bank's focus remained on realigning its balance sheet structure by concentrating more on deposits and reducing reliance on other sources. Within the deposit structure, the aim was to diversify and reduce cost to improve overall efficiency. The bank crossed PKR 200 billion mark in deposits for the first time. The bank recorded an **all-time high** profitability with a pretax profit of PKR 3,806 million and after tax profit of PKR 2,152 million for the year, which is an improvement of 68% and 65% against last year numbers. This is despite creation of a buffer in the form of sizable general provisioning by the bank to cater to any unforeseen situation in the post pandemic scenario. While all operational areas contributed to the good performance of the Bank for the year, Islamic Banking Operations have progressed really well and has become one of our core strengths.

In the pursuit of providing its customers with more efficient and better service delivery, the bank made heavy investment in technology and opted for top of the line Core Banking Solution - T24 "Temenos Transact". The bank successfully migrated first batch of high value branches onto the new system and as of the year-end, 25 branches were functioning on the new system with a plan to achieve full implementation in the year 2021. Upon full implementation, centralized operating environment of new CBS shall help in efficient and seamless service delivery to customers with more effective operational controls in banking operations. The Bank also achieved another momentous landmark by launching Digital Banking, BOK Digital – Mobile Banking App, whereby customers can carry out banking transactions through their mobile phones and internet.

The bank has set new standards for transparent and proper implementation of Government's schemes aimed at socio economic uplift of the people especially youth, which include Prime Minister Kamyab Jawan program and Insaaf Rozgar Scheme. Further, appropriate financing facilities are being made available to boost investment in the SME sector.

The bank has also revamped its corporate branding during the year and has also taken the initiative of solarization of its branch network wherever possible. On the governance side, the Board of Directors endeavored to ensure compliance with the best Corporate Governance Standards while providing strategic directions and setting policy guidelines. Individual Board members contributed efficiently on all matters that came up for guidance of the Board.

In the year 2021, with uncertainty over the pandemic gradually fading out, the economy has started to show momentum and many sectors have resumed activities. This is likely to results in improved business environment paving way to regain economic thrust. Furthermore, the bank's presence in small towns shall go a long way in improving financial inclusion in the underprivileged areas of the country. The bank will further enhance its presence by adding over 40 new branches, which shall help achieve the goals set for the current year. The bank's "Raast Islamic Banking" operations have also grown considerably offering a wide range of shariah compliant products and services to customers.

The bank intends to fulfill its social responsibility by undertaking various initiatives in encouragement of sports, development of youth, and support of various under-privileged segments. One initiative that the Bank has undertaken is the Squash Talent Hunt Program under which the Bank aims to identify and groom talent in squash by providing support to Under-13 players three years including coaching, dietary stipend, sports equipment and sponsorship for tournaments.

I would like to express my gratitude to our customers for bestowing continued confidence in the bank, shareholders for their support and the State Bank of Pakistan for timely guidance. I would also like to thank the management and staff for their valuable contribution in achieving excellent results.

ECONOMY REVIEW

The outbreak of COVID-19 made 2020 a tough year for businesses around the world. The pandemic unfolded an unprecedented healthcare-cum-economic crises across the globe, the governments were forced to change the course of their policies to stimulate economies and fight recessionary trends. Like almost every country, Pakistan's economy also suffered in 2020 whereas all major sectors of economy remained under strain. There has been a reduction in GDP growth, deterioration in current and fiscal imbalances, disruption in supply chain and increased unemployment.

The Government and the State Bank of Pakistan took several timely relief measures to contain economic fallout and to support businesses. Various relief packages for businesses and households were announced whereas relaxation of credit requirements were taken to facilitate new investments. With regards to overall economic activity, results from economic actions undertaken by the Government have positively impacted overall economic cycle in the country. Improved trade balance, reduced oil prices and strong growth in remittances helped in turning current account into a surplus in the year 2020. As a result, the SBP reserves reached a high of USD 20.5 billion as of year-end 2020.

PERFORMANCE REVIEW

While remaining cognizant of the emerging challenges arises out of COVID-19, the Bank of Khyber adopted a prudent and target oriented approach to manage the quality of assets and maintain liquidity along with emphasis on profit generation. In pursuit of its goals, the Bank continued to achieve notable momentum by pursuing its strategy of consistent growth by focusing on technology driven automation, risk management framework, introduction of e-banking services along with optimization of branch network to facilitate customers banking requirements.

The pandemic has accelerated digital transformation of organizations to ensure uninterrupted business activity while addressing social distancing and adaption to the new norms. In line with the rapidly transforming digital space in Pakistan towards more convenient and flexible ways of banking, the Bank of Khyber has launched its Computer and Mobile applications which have helped to improve transaction mix of digital and counter based services. Further, in order to provide non-stop real time banking services to the customers, the Bank has implemented the most advance core banking system – T24.

Despite non conducive business environment, the Bank of Khyber has demonstrated strong financial performance which is a result of proactive management and prudent approach towards pandemic circumstances. The Bank has recorded all time high profit in the year 2020 in difficult business environment.

The Bank reported a commendable increase of 142% in operating profit which shows Rs.5,416 million against Rs.2,240 million of the last year. Profit before tax was recorded at Rs.3,806 million as against Rs.2,261 million of the previous year giving increase of 68%. Profit after tax for the same year grew by 65% to reach at Rs.2,152 million over Rs.1,306 million of the last year that translates into earnings per share of Rs.2.15 against Rs.1.31 in 2019.

With an increase of 42%, the Net Mark-up / Interest Income stood at Rs.6,762 million as compared to Rs.4,766 million in the corresponding period of 2019. This increase was due to increase in net interest margin which was achieved by shedding costly deposits and re-pricing of loans and deployment of funds in better investment channels in the backdrop of reduced policy rate. Non-Markup / Interest Income increased considerably by 159% to reach at Rs.2,878 million as compared to Rs.1,112 million of the previous year. The increase was mainly attributed to substantial rise in capital gains and income generated through foreign trade.

The deposits increased to Rs.203,072 million in comparison with Rs.182,168 million as at December 31, 2019 showing an increase of 12%. This growth was mainly driven through new customer acquisitions and deepening of the existing portfolio base. Investment witnessed a decrease of 23% from the previous year and stood at Rs.113,479 million in comparison with Rs.146,911 million as at December 31, 2019. Furthermore, the gross advances of the Bank increased by 18% and stood at Rs.134,907 million from Rs.113,976 million of 2019.

With a slight decrease of merely 6%, the overall balance sheet size stood at Rs.288,300 million in comparison to Rs.306,305 million of the year 2019. The shareholders' equity showed an increase of 17% over 2019 and stood at Rs.16,605 million.

To cover the post pandemic risks, the Bank has also cater to unforeseen deterioration in asset quality and has taken certain measures and created necessary buffer in the balance sheet to cope with provisioning, if any.

The Bank is providing banking facilities in the country through its expanding branch network of 179 branches and 11 sub-branches including Gilgit Baltistan and Azad Jammu & Kashmir. Further, our outreach is also catering to the banking needs of the people in the newly merged districts of the erstwhile FATA. During the year, a total of 91 branches were functioning as dedicated Islamic Banking branches.

FUTURE OUTLOOK

Since the impact of the COVID-19 is easing out, the global economies are taking measures to chalk out ways for recoveries. In line with the trend, the Bank's focus will be on harnessing technology to ensure that customers' banking needs are fully met in a technologically advanced, secure and convenient manner. We will work hard to regain and grow our market share in low cost deposits, consumer products and SME financing. We look forward to expanding our branch network to widen our reach and serve our customers.

Having the comprehensive launching pad, the Bank is all set to embark upon the journey of new initiatives and to explore new vistas. The Bank's target for the year 2021 will be to generate deposit growth driven primarily through CASA from the private sector. Special attention will be given to Home Remittance business for channeling in forex through the formal sector. This will be aided through broadening of product suite and further supported through the bank's digital banking platform which has been in operation since last year.

On the asset side, the bank intends to diversify financing portfolio by gradually moving from Government backed lending to private sector for fresh loans with potential of ancillary business and trade finance opportunities. Besides, other target areas remain Consumer Financing, Agriculture and SMEs to foster development and generate economic activity.

Emphasis will be on boosting trade volumes, increasing penetration in cash management with a focus on SME / commercial lending. Simultaneously, investing in human capital and creating a caring culture, will remain a key priority.

To save energy for the future, the Bank of Khyber intends to adopt renewable energy options. The first of such initiative is to open Solar Branches whereas existing branches will be converted accordingly.

The Bank has successfully executed different Government initiatives like Insaf Rozgar Scheme of the provincial government for the economic uplift of the newly merged districts and efficient execution of the PM's Kamyab Jawan Scheme across the country. It is expected that the Bank will also facilitate execution of more such schemes and will provide its cooperation in all the projects for social and economic uplift of the people of the country especially of the province of KPK.

DIRECTORS' REPORT TO THE SHAREHOLDERS

RISK MANAGEMENT FRAMEWORK

The Bank emphasizes on maintaining high risk management standards to ensure that the risks being faced by the Bank are properly identified, assessed and appropriate mitigation tools are adopted keeping in view their nature and concentration. Since an effective risk management framework demands active involvement of Board of Directors (BoD) and senior management in the formulation and oversight of risk management process, a robust governance structure exists at the Board and Management levels which provide strategic direction and has approved overall business strategies and significant policies including those related to managing and taking risks. BoD also ensures that senior management is fully capable of managing activities that they undertake during course of business.

The Board has also formed a specialized Board's Risk Management Committee ("BRMC") to oversee the risk management activities. The BRMC held regular meetings as per the given mandate and thoroughly reviewed primary risks including Credit, Market, Liquidity, Operational, Environmental and Country risks. In addition, the BRMC also took stock of other material items such as follow up and management of non-performing accounts, interest rate environment, and afforded guidance in the management of risk assets portfolio vis-à-vis capital. At the senior management level, the Bank has dedicated committees which include, inter-alia, the Head Office Credit Committees and Assets Liability Committee ("ALCO"). These committees discharge their responsibilities in accordance with their respective terms of reference.

Risk Management structure at the Bank has been founded in line with regulatory requirements and in line with industry best practices. The structure fundamentally ensures independence of risk from business functions to avoid conflict of interest and fosters better control environment. While the branches initiate business propositions for financing or investment and FI limits, the relevant support officials at the Head Office, conducts detailed analysis of these proposals before they are forwarded to Credit Risk Management Department for consideration. Credit Risk Management Department takes into account various factors such as borrowers' financial positions, industry dynamics and quality of collateral for evaluation and form the basis of onward recommendation to the approval authority. Under credit risk management policy, adequate procedures and limits are defined for ensuring that risk remains within the boundaries set by the Board.

INTERNAL CONTROLS

An internal control system is designed to provide reasonable assurance that the company ensures compliance of policies, plans and laws, efficient use of resources and integrity of financial and management information. The internal control system of the Bank is comprehensive, effectively implemented and being monitored regularly. The Bank has increased its emphasis on control procedures to confirm that corporate policies are executed and corrections are applied as and when required.

STATEMENT OF COMPLIANCE

WITH LISTED COMPANIES (CODE OF CORPORATE GOVERNANCE) REGULATIONS, 2019

Name of company: The Bank of Khyber

Year ended: December 31, 2020

The Bank has complied with the requirements of the Regulations in the following manner:-

1. The total number of directors are eight (8) as per the following,

- a. Male: : Seven (7)
- b. Female: : One (1) *

2. The composition of the Board is as follows:

Category	Name
Independent Directors	Mr. Javed Akhtar Mr. Asad Muhammad Iqbal Mr. Rashid Ali Khan (Nominee) Ms. Saleha Asif (*)
Other Non-Executive Director	Mr. Shakeel Qadir Khan Mr. Atif Rehman Mr. Maqsood Ismail Ahmad
Executive Directors	Mr. Ihsan Ullah Ihsan (Acting Managing Director)

* SBP Clearance for Ms. Saleha Asif has been granted on January 26, 2021 and she had assumed her duties as Board member.

The State Bank of Pakistan has raised observation on the independence status of nominee Directors. The Bank maintains the independence status of nominee Directors on the basis of clearance received from the State Bank of Pakistan under Fit and Proper Test (FPT) criteria and also that these appointments are made under Section 11 of the Bank of Khyber Act, 1991, the said Act being special enactment prevails over other laws including the Listed Companies (Code of Corporate Governance) Regulations, 2019 and the Companies Act, 2017. The Bank is duly supported by legal advice on the matter.

Three Directors namely Mr. Maqsood Ismail Ahmad, Mr. Asad Muhammad Iqbal and Mr. Javed Akhtar were elected in EOGM held on June 01, 2018 and their FPT documents were duly submitted to the State Bank of Pakistan (SBP). Approval of the said Directors was delayed since the Directors being in their third term required exemption from Section 15 (B)(1) of the Banking Companies Ordinance, 1962 (BCO) which was to be granted by the Finance Division, Government of Pakistan.

Later, the State Bank of Pakistan vide its letter dated December 14, 2020 had intimated that the request for exemption for the above named Directors (being nominee directors of M/s. Ismail Industries Limited) from Section 15 B (1) of the BCO, 1962 has not been acceded to by the Finance Division and as such approval for another term has not been granted to the said Directors.

M/s. Ismail Industries Limited (Sponsor shareholder) filed a suit in the Sindh High Court to challenge the refusal of the Finance Division to grant exemption under the said section. The Honourable High Court has passed an ad-interim injunction / stay order in the Suit whereby operation of the SBP letter of 14.12.2020 was suspended and the nominee Directors would remain Directors till expiry of their term.

Further, as per Section 11 (1)(b) of the Bank of Khyber Act, 1991, the Government of Khyber Pakhtunkhwa nominated Ms. Saleha Asif on the Board of the Bank in October, 2020 whose FPT documents were submitted to SBP for clearance. Her clearance has been granted on January 26, 2021 and she will assume her duties as Director on the Board. Subsequent to clearance received from SBP, the Chairman sent out a letter to Ms. Saleha Asif setting out her role and responsibilities.

3. The directors have confirmed that none of them is serving as a director on more than seven listed companies, including this Bank;

4. The Bank has prepared a code of conduct and has ensured that appropriate steps have been taken to disseminate it throughout the Bank along with its supporting policies and procedures;
5. The Board has developed a vision/mission statement, overall corporate strategy and significant policies of the Bank. The Board has ensured that complete record of particulars of the significant policies along with their date of approval or updating is maintained by the Bank;
6. All the powers of the Board have been duly exercised and decisions on relevant matters have been taken by the Board/ shareholders as empowered by the relevant provisions of the Bank of Khyber Act, 1991, the Companies Act, 2017 and these Regulations;
7. The meetings of the Board were presided over by the Chairman and, in his absence, by a director elected by the Board for this purpose. The Board has complied with the requirements of the Companies Act, 2017, The Bank of Khyber Act, 1991 and the Regulations with respect to frequency, recording and circulating minutes of meeting of the Board;
8. The Board has a formal policy and transparent procedures for remuneration of directors in accordance with the Bank of Khyber Act, 1991 and these Regulations;
9. During the year, owing to COVID-19 pandemic situation, Director's Training Program could not be arranged. However, the Bank intends to arrange Director's Training Program for the new Directors at the earliest.

It is to be noted that Mr. Shakeel Qadir Khan, Mr. Asad Muhammad Iqbal and Mr. Rashid Ali Khan have already completed the Director's Training Program through Pakistan Institute of Corporate Governance. Mr. Maqsood Ismail Ahmad had been granted exemption under the Code.

10. The Board has approved appointment of chief financial officer, company secretary and head of internal audit, including their remuneration, terms and conditions of employment and complied with relevant requirements of the Regulations;
11. Chief financial officer and chief executive officer duly endorsed the financial statements before approval of the Board;
12. The Board has formed committees comprising of members given below:

S #	Name Of Committee	Current Membership
1	Audit Committee	1. Mr. Asad Muhammad Iqbal - Chairman 2. Secretary Finance - Member 3. Mr. Javed Akhtar - Member
2	Human Resource & Remuneration Committee	1. Mr. Maqsood Ismail Ahmad / Ms. Saleha Asif* - Chairperson 2. Mr. Maqsood Ismail Ahmad - Member 3. Managing Director - Member

STATEMENT OF COMPLIANCE

WITH LISTED COMPANIES (CODE OF CORPORATE GOVERNANCE) REGULATIONS, 2019

- * SBP Clearance for Ms. Saleha Asif has been granted on January 26, 2021 and she will assume her duties as member of the committees.
13. The terms of reference of the aforesaid committees have been formed, documented and advised to the committees for compliance;
14. Every Board Committee met at least once in a quarter and meetings held during the year were as follows:
- | | |
|-----------------------------|---|
| Audit Committee | 5 meetings held in the year 2020 |
| HR & Remuneration Committee | 5 meetings held in the year 2020 |
| Risk Management Committee | 4 meetings held in the year 2020 |
| I.T Steering Committee | 4 meetings held in the year 2020 |
| Compliance Committee | 6 meetings held in the year 2020 |
| Investment Committee | 0 meetings held in the year 2020 (Constituted on August 19, 2020) |
15. The Board has set up an effective internal audit function. The staff members in Internal Audit function are considered suitably qualified and experienced for the purpose and are conversant with the policies and procedures of the Bank;
16. The statutory auditors of the Bank have confirmed that they have been given a satisfactory rating under the Quality Control Review program of the Institute of Chartered Accountants of Pakistan and registered with Audit Oversight Board of Pakistan, that they and all their partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the Institute of Chartered Accountants of Pakistan and that they and the partners of the firm involved in the audit are not a close relative (spouse, parent, dependent and non-dependent children) of the chief executive officer, chief financial officer, head of internal audit, company secretary or director of the Bank;
17. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the Act, these Regulations or any other regulatory requirement and the auditors have confirmed that they have observed IFAC guidelines in this regard;
18. We confirm that all requirements of regulations 3, 6, 7, 8, 27, 32, 33 and 36 of the Regulations have been complied with. Following is appropriate explanation as to impediment in the Bank's compliance with non-mandatory requirements of the Regulations:

Orientation program could not be arranged for the Directors due to COVID-19 pandemic situation. The Bank intend to conduct such program in FY 2021.

Owing to COVID-19 pandemic situation, all the directors were not able to attend 29th Annual General Meeting except Mr. Rashid Ali Khan and Mr. Ihsan Ullah Ihsan.

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of **The Bank of Khyber** (the Bank) for the year ended **31 December 2020** in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Bank. Our responsibility is to review whether the Statement of Compliance reflects the status of the Bank's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the bank's personnel and review of various documents prepared by the Bank to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Bank's corporate governance procedures and risks.

The Regulations require the Bank to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Bank's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Bank for the year ended 31 December 2020.

We draw attention to paragraph 2 to the statement of compliance which describes the reason for carrying the nominee directors under independent category. Our conclusion is not modified in this respect.

STATEMENT OF INTERNAL CONTROLS

This statement is issued in compliance with State Bank of Pakistan (SBP) circular No. 07 of 2004 on internal controls.

An internal control system is a set of procedures and activities designed to identify, evaluate mitigate risks in processes and operations in order to support the overall objectives and vision of the Bank. The Board of Directors is ultimately responsible for the internal control system.

It is the responsibility of the Bank's management to establish a system for adequate and reasonably effective internal control environment on an ongoing basis. Management of the Bank is fully aware of its responsibility and has implemented and maintained system of internal control under the approved policy of the Board of Directors.

The management of the Bank has therefore formulated, implemented, and maintained a system of internal controls approved by the Board of Directors, to achieve effectiveness and efficiency of operations while adhering to applicable laws and regulations and preserving the reliability of financial reporting. Therefore, the bank follows "three lines of defense model" with front office management being customer facing is "first line" while Compliance, Risk Management providing assurance over related internal controls on continuous basis as "second line" and Internal Audit being assurance provider on Bank's overall internal control structure is "third line" of defense.

The Bank has various Board Level Committees and under the guidance of BoD, management has constituted various Management Committees Compliance Committee, Risk Management Committee and Projects Steering Committee to monitor, review and provide oversight of compliance and control related matters across all units and locations of the Bank. There known gaps, its corrective action plans were escalated and reviewed for implementation on periodic basis.

The bank has implemented various key policies, SOPs, guidelines and manuals covering all the areas of management and operations including those related to employees' welfare, management process and contingencies. The management also emphasizes on training and development of staff across all levels of bank to enhance knowledge and understanding of Bank's internal control procedures and regulatory compliance.

Board Level Committees are chaired by Independent Directors and Management Level Committees are chaired by the Management Director to demonstrate highest level of commitment toward implementation of effective and efficient internal controls system.

Internal Audit conducts risk based audits of activities and processes to evaluate the adequacy and effectiveness of the control environment of the Bank. All significant/material

findings of Internal Audit and External Audit are reported to the Board Audit Committee (BAC) with agreed management actions and timelines. Internal Audit tracks closure of all findings through validation of agreed management actions and the status is regularly reported to the Management Committee and Board Audit Committee.

The Bank follows SBP's directives for Internal Controls over Financial Reporting (ICFR), under COSO framework and has complied with the SBP's stage wise implementation roadmap and a Long Form Report (LFR) on the assessment of Bank's ICFR issued by the statutory auditors was submitted to SBP in compliance with its directives stated in OSED Circular No. 1 of 2014 dated February 07, 2014. During the year, the Bank conducted testing of financial reporting controls for ensuring the effectiveness of ICFR throughout the year. The Bank believes that deficiencies identified doesn't have a material impact on financial reporting.

During the year, The Bank has further embarked on improving efficiency and effectiveness of internal controls through the implementation of widely used Core Banking Software T-24, wherein 20 branches with high turnover of business transactions along with treasury and Head Office functions, were migrated while rest of the branches are planned to be migrated during first half of year 2021.

MANAGEMENT'S EVALUATION ON EFFECTIVENESS OF CONTROL FRAMEWORK

Based upon the results derived through ongoing testing of financial reporting controls and internal audits carried out during the year, management believes that the Bank's existing system of Internal Control is considered reasonable in design and is being effectively implemented and monitored. The management will continue enhancing its coverage and compliance with the SBP Guidelines on Internal Controls and further strengthening its control environment on an ongoing basis.

Bank's Board of Directors endorses the management's evaluation of effectiveness of control framework including ICFR.

Report of Shariah Board (For the year ended 2020)

نحمدہ ونصلی علی رسولہ الکریم
بِسْمِ اللّٰهِ الرَّحْمٰنِ الرَّحِیْمِ

Islamic Banks have been able to establish their foothold in the global financing industry owing the shariah compliance nature of their products. However, Islamic Banks are therefore Islamic as they perform their activities according to shariah principles. Therefore, shariah compliance is regarded as the foundation of the Islamic Banking.

Shariah Compliance Mechanism of The Bank

To ensure the shariah compliance in Islamic Banking Group (IBG) of the Bank of Khyber (BOK) there is proper check and balance mechanism to confirm that all activities of the IBG are in line with the Islamic principles. In this mechanism the role of Shariah board could not be denied in the creation of shariah compliance culture within the organization, however there are other units working to further strengthened the concept of shariah compliance.

Shariah Compliance Division (SCD)

IBG, has an independent Shariah Compliance Division (SCD) works under the supervision of the Shariah Board (SB) to ensures Shariah-compliance in all products/activities of IBG. SCD periodically reviews the implementation of existing products, perform research and analysis on Shariah issues, facilitate in Islamic banking trainings and awareness sessions and verify distribution of profit and loss to the depositors prior to its disbursement.

Shariah Review & Shariah Audit

Shariah Audit and review functions play a vital role in achieving the objective of Shariah compliance by evaluating and assessing activities of IBG to validate the shariah compliance environment and provide recommendations in order to add value and improve the degree of shariah compliance in relation to such activities. Therefore, both the shariah audit and review yearly plans were approved by SB and all shariah audit and review reports were submitted to SB in compliance with the shariah rulings issued by the IBD-SBP and SB.

Shariah Training & Awareness

To ensure that necessary training has been imparted to all the Islamic banking staff to keep them abreast with the latest developments in the field, as instructed by SBP through SGF, Annual Islamic Banking Training Plan was approved by SB. During the year, various Islamic Banking training were held onsite as well as off site for the staff of IBG-BOK. Apart from Training for staff, public awareness programs for bank's clients and general public were also held in various regions of the country.

SB Opinion On Overall Environment of Shariah Compliance:

While the Board of Directors and Executive Management are solely responsible to ensure that the operations of (Islamic Banking Group (IBG)) are conducted in a manner that always comply with Shariah principles, we are required to submit a report on the overall Shariah compliance

environment of (Islamic Banking Group (IBG). **Therefore, based on the above-mentioned activities, we are of the view that:**

- The Islamic Banking Group has complied Shariah rules and principles related to Shariah compliance issued by Shariah Board of the bank.
- IBG has complied with directives, regulations, instructions and guidelines related to Shariah compliance issued by SBP in accordance with the rulings of SBP's Shariah Advisory Committee.
- IBG-BOK has a comprehensive mechanism in place to ensure Shariah compliance in its overall operations. The mechanism comprising of independent Shariah Board, shariah compliance division, Internal Shariah Audit & Shariah Review Departments, full time RSBM and regular / frequent in-house and external trainings for Islamic Banking staff in line with Shariah Governance Framework of SBP are in place.
- The bank has a comprehensive profit & Loss distribution and Pool Management system and during the year under review, profit distribution mechanism and allocation of funds, income & expenses, weightages and other affairs of the IBG of the bank are in conformity with the bases that have been approved by the SB in accordance with Islamic rules and principles.
- All sources of income of the bank are Shariah compliant and any earning which has been realized from sources or by means prohibited by Islamic rules and principles have been transferred to the Charity Account which will be distributed as per approved Charity policy of the bank.
- During the period under the review, SB has recommended to the management to develop the skills of Islamic banking staff. In this regard, the Training Division of HRD Group has arranged various trainings in Training academy of the bank and nominated sizable number of staff members in trainings arranged by NIBAF and other Islamic banking training Organization. The SCD also conducted sessions, Group discussions with IBBs & IBWs staff during visits for Shariah Compliance Reviews.
- The level of awareness, capacity and sensitization of the staff, and the management for Shariah Compliance remained very satisfactory.
- The Shariah Board has been provided adequate resources enabling it to discharge its duties, effectively.

Conclusion

On that note, we, members of Shariah Board of Islamic Banking Group – the Bank of Khyber, do hereby confirm that, in our level best, the operations of the IBG- BOK for the year ended 31 December 2020 have been conducted in conformity with the Shariah rules and principles.

May Allah ﷻ bless us with the best Tawfeeq to accomplish His cherished tasks, make us successful in this world and in the life hereafter and forgive our mistakes.

We bear witness only to what we know, and we could not well guard against the unseen! (Surah Yusuf, verse:81)

سالانہ شریعہ بورڈ رپورٹ 2020ء نحمدہ ونصلی علی رسولہ الکریم بِسْمِ اللّٰهِ الرَّحْمٰنِ الرَّحِیْمِ

الحمد للہ! آج اسلامی بینکاری نے مالیاتی انڈسٹری میں شرعی اصولوں کے موافق کاروبار اور خدمات فراہم کرنے کی وجہ سے اپنا لوہا منوایا ہے۔ تاہم اسلامی بینکاری اس وقت تک اسلامی اور جائز سمجھی جائے گی، جب تک اس میں شریعت کے زریں اصولوں کی پاسداری ہو۔ اس لئے شرعی اصولوں کی تعمیل اس کی اولین ترجیح ہے۔

بینک آف خیبر (راست اسلامی بینکاری) کا شرعی ڈھانچہ

خیبر بینک کا اسلامی نظام (جسے آئی بی جی۔ راست اسلامی بینکاری نام سے پہچانا جاتا ہے) کے پاس تمام حتمی منصوبہ بندیوں اور اسلامی عقود کو شروع سے لے کر پایہ تکمیل تک پہنچانے کیلئے ایک مکمل نظام موجود ہے۔ ادارے کے معاملات کو ہمہ وقت شریعت کے موافق رکھنے کیلئے شریعہ بورڈ کا کردار اپنی جگہ مسلم ہے، اس کے ساتھ ساتھ مندرجہ ذیل شعبہ جات بھی شرعی احکام کو عملی جامہ پہنانے کیلئے کوشاں ہیں۔

شریعی کپلائنس ڈویژن

آئی بی جی میں شریعہ بورڈ کے زیر نگرانی ایک مستقل اور آزاد شریعہ کپلائنس ڈویژن کام کر رہا ہے، جو اس بات کو یقینی بناتا ہے کہ آئی بی جی کے تمام معاملات مثلاً عام لوگوں سے پیسوں کی وصولی (ڈیپازٹس)، ان پیسوں سے آگے تجارت کرنا اور تجارت سے حاصل ہونے والے نفع و نقصان کی تقسیم شرعی قواعد اور اصولوں کے عین مطابق سرانجام پائے، اس کے ساتھ ساتھ روزمرہ نئے مسائل کی شرعی تحقیق اور اسلامی بینکاری سے منسلک عملہ کی فنی تربیت بھی احسن طریقے سے انجام پائے۔

شعبہ تحقیق و نظر ثانی (Research & Review) اور شعبہ محاسبہ (Shariah Audit)

بینک کے عملی طور پر انجام پانے والے تمام معاملات میں شرعی اصولوں کی پاسداری کو یقینی بنانے میں شریعہ آڈٹ ڈیپارٹمنٹ اور شریعہ ریویو ڈیپارٹمنٹ کا کردار بھی بہت اہمیت کا حامل ہے۔ ان شعبوں نے رواں سال اسلامی بینکاری کے اکثر معاملات کی جانچ پڑتال شرعی نقطہ نگاہ سے کر کے اپنی سفارشات شریعہ بورڈ کو پیش کیں، جن پر شریعہ بورڈ نے اپنی ہدایات متعلقہ ڈیپارٹمنٹس کو جاری کر دیں۔

اس کے ساتھ ساتھ شریعہ بورڈ یا اسٹیٹ بینک آف پاکستان کی طرف سے دیے گئے تحقیقی مسائل پر شریعہ کپلائنس ڈویژن نے تحقیقات مرتب کر کے شریعہ بورڈ یا متعلقہ ادارے کو پیش کیں۔ ان تمام کاموں کا مقصد صرف اس بات کو یقینی بنانا ہے کہ بینک کے تمام معاملات شرعی اصولوں، اسٹیٹ بینک کے شریعہ بورڈ اور اسلامک بینکنگ ڈیپارٹمنٹ آف اسٹیٹ بینک کی ہدایات کے عین موافق ہوں۔

عملہ کی فنی تربیت اور عوامی آگاہی

اسٹیٹ بینک آف پاکستان کے شریعہ گورننس فریم ورک میں جاری کی گئی ہدایات کے مطابق یہ ضروری ہے کہ آئی بی جی میں موجود تمام لوگ وقت کے ساتھ ساتھ اسلامی بینکاری میں ہونے والے تمام عقود اور پراڈکٹس کو سرانجام دینے کیلئے علمی اور عملی طور پر مکمل تیار ہوں، اس سلسلے میں سالانہ ٹریننگ پلان شریعہ بورڈ کو منظوری کے لئے پیش کیا گیا، اس سلسلے میں اس سال عملے کی فنی تربیت کیلئے اندرون بینک اور بیرون بینک نیز الیکٹرانک میڈیا چینلز کے ذریعے مختلف ٹریننگز منعقد کی گئیں۔ اس کے ساتھ علاقائی طور پر عوامی آگاہی اور اسلامی بینکاری سے جاری ہونے والے تمویل کاری کے منصوبوں کے بارے میں عام لوگوں کو روشناس کرنے کیلئے مختلف علاقوں میں آگاہی سیمینارز کا انعقاد کیا گیا۔

بینک کے مجموعی صورتحال کے بارے میں شریعہ بورڈ کی رائے

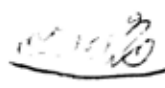

اسٹیٹ بینک کی ہدایات کے مطابق اگرچہ بینک کے بورڈ آف ڈائریکٹرز اور اعلیٰ انتظامیہ اس بات کی ذمہ دار ہے کہ وہ اس بات کو یقینی بنائے کہ بینک کا پورا نظام شرعی اصولوں کے عین مطابق چل رہا ہے، تاہم ہم (شریعی بورڈ ممبران) آئی بی جی کی عمومی صورتحال پر اپنی رائے پیش کرتے ہیں۔ جس کے لئے مذکورہ بالا تصریحات اور عملی سرگرمیوں کا جائزہ لیتے ہوئے ہماری رائے ہے کہ:

آئی بی جی نے شریعہ بورڈ کی طرف سے جاری کردہ تمام ہدایات کی تعمیل کی ہے۔

INDEPENDENT AUDITORS' REPORT

To the members of The Bank of Khyber

Report on the Audit of the Financial Statements

Opinion

We have audited the annexed financial statements of The Bank of Khyber, which comprise the statement of financial position as at 31 December 2020, and the profit and loss account and the statement of comprehensive income, the statement of changes in equity and the cash flow statement for the year then ended, along with unaudited certified returns received from the branches except for 16 branches which have been audited by us and notes to the financial statements, including a summary of significant accounting policies and other explanatory information and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit and loss and the statement of comprehensive income, statement of changes in equity and cash flow statement together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan, and give the information required by the Banking Companies Ordinance, 1962 and the Companies Act, 2017(XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Bank's affairs as at 31 December 2020 and of the profit, and the comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Bank in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. This matter was addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

INDEPENDENT AUDITORS' REPORT

Following is the key audit matter:

Key audit matters	How the matter was addressed in our audit
1. Provision against Non-Performing loans and advances	
<p>The Banks advances include fund based and non-funded financing facilities. The portfolio is spread across various domestic branches and includes corporate financing to public sector entities and private sector businesses as well as consumer financing to individuals.</p> <p>As per the Bank's accounting policy (refer note 6.4.8 to the financial statements), the Bank determines provisions against non-performing financing exposures in accordance with the requirements of Prudential Regulations (PR) of State Bank of Pakistan (SBP) and also maintains general provision in respect of potential credit losses in the portfolio. The Prudential Regulations require specific provisioning against financing losses on the basis of an age-based criteria which should be supplemented by a subjective evaluation of Bank's credit portfolio.</p> <p>The determination of financing loss provision against certain corporate financing, therefore, involves use of management judgment, on a case to case basis, taking into account factors such as the economic and business conditions, including impact of Covid-19 pandemic, borrowers' repayment behaviors and realizability of collateral held by the Bank.</p> <p>The determination of provision against advances based on the above criteria remains a significant area of judgment and estimation. Because of the significance of the impact of these judgments / estimations and the materiality of advances in context of the total assets of the Bank, we considered the related provisioning as a key audit matter.</p> <p>The accounting policy and disclosures relating to provisioning against advances are included in notes 6.4.8 and 11 respectively to the financial statements.</p>	<p>Our audit procedures in respect of impairment of advances, amongst others, included the following:</p> <ul style="list-style-type: none"> • We reviewed the Bank's process for identification and classification of non-performing advances. As part of such review we performed an analysis of the changes within the different categories of classified non-performing accounts from last year to the current reporting date. This analysis was used to gather audit evidence regarding downgrading of impaired advances and declassification of accounts from non-performing to regular and vice versa, as the case may be; • We performed independent checks on test basis for the computations of provisions to assess that the same is in line with the requirements of the applicable Prudential Regulations; • We also reviewed, on a sample basis, the underlying independent valuations of the collaterals used against the outstanding exposures to calculate the amount of provision; • In addition, we selected a representative sample of borrowers from the advances portfolios including individually significant corporate financing and performed tests and procedures such as review of financing documentation, repayment history and past due status, financial condition as depicted by the borrowers' financial statements, nature of collateral held by the Bank and status of litigation, if any, with the borrower; • In respect of the level of general provision maintained by the Bank, we discussed the approach and policy followed by the Bank with the management and the approvals in place for such policy; • We have assessed the reasonableness of management of the Bank's assessment of the impact of Covid-19 on the credit risk associated with its portfolio; • We have assessed the Bank's compliance with the directives of the State Bank of Pakistan (SBP), in respect of SBP Covid-19 pandemic relief measures; and • We also assessed the adequacy of disclosures as included in notes 6 and 11 to the financial statements regarding non-performing financing and provisions made for the same in accordance with the requirements of the applicable financial reporting framework.

Information Other than the Financial Statements and Auditors' Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting and reporting standards as applicable in Pakistan, the requirements of Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

The Board of directors is responsible for overseeing the Bank's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Bank to cease to continue as a going concern.

INDEPENDENT AUDITORS' REPORT

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide to the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. Based on our audit, we further report that in our opinion:
 - a) proper books of account have been kept by the Bank as required by the Companies Act, 2017 (XIX of 2017) and the returns referred above from the branches have been found adequate for the purpose of our audit;
 - b) the statement of financial position, the statement of profit and loss and the statement of comprehensive income, statement of changes in equity and cash flow statement (together with the notes thereon have been drawn up in conformity with the Banking Companies Ordinance, 1962 and the Companies Act, 2017(XIX of 2017) and are in agreement with the books of account and returns;
 - c) investments made, expenditure incurred and guarantees extended during the year were in accordance with the objects and powers of the Bank and the transactions of the Bank which have come to our notice have been within the powers of the Bank; and
 - d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Bank and deposited in the Central Zakat Fund established under section 7 of that Ordinance.
2. We confirm that for the purpose of our audit we have covered more than sixty per cent of the total loans and advances of the Bank.

The engagement partner on the audit resulting in this independent auditors' report is Ahsan Shahzad.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

1. STATUS AND NATURE OF BUSINESS

The Bank of Khyber ("the Bank") was established under The Bank of Khyber Act, 1991 and is principally engaged in the business of commercial banking and related services. The Bank acquired the status of a scheduled bank in 1994 and is listed on the Pakistan Stock Exchange Limited. The registered office of the Bank is situated at 24 - The Mall, Peshawar Cantt, Peshawar and it has been temporarily shifted to 1st Floor, State Life Building, 34 - The Mall, Peshawar Cantt. The Bank operates 179 branches including 91 Islamic banking branches (2019: 169 branches including 84 Islamic banking branches). The long term credit ratings of the Bank assigned by The Pakistan Credit Rating Agency Limited (PACRA) and JCR-VIS are 'A' and 'A' respectively and the short-term credit ratings assigned are 'A1' (A-One) and 'A-1' (A-One) respectively.

2. BASIS OF PRESENTATION

- 2.1** In accordance with the directives of the Federal Government regarding the shifting of the banking system to Islamic modes, the State Bank of Pakistan (SBP) has issued various circulars from time to time. Permissible forms of trade-related modes of financing include purchase of goods by the banks from their customers and immediate resale to them at appropriate profit in price on deferred payment basis. The purchases and sales arising under the respective arrangements (except for Murabaha financings accounted for under Islamic Financial Accounting Standard - 1 "Murabaha") are not reflected in these financial statements as such, but are restricted to the amount of facility actually utilized and the appropriate portion of profit thereon.
- 2.2** The Islamic banking branches of the Bank have complied with the requirements as set out in the Islamic Financial Accounting Standards (IFAS), issued by the Institute of Chartered Accountants of Pakistan (ICAP) as are notified under the provisions of Companies Act, 2017.
- 2.3** The financial results of the Islamic Banking Branches have been included in these financial statements for reporting purpose, after eliminating the effects of inter-branch transactions and balances. Key financial figures of the Islamic Banking Branches are disclosed in Annexure "II" to these financial statements.
- 2.4** These financial statements have been presented in Pakistani Rupee, which is the Bank's functional and presentation currency. The figures have been rounded off to the nearest thousand rupees, unless otherwise stated.
- 2.5** Investments in associates are reported on the basis of direct equity interest and are not consolidated or accounted for by using equity method of accounting.

3. STATEMENT OF COMPLIANCE

- 3.1** These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards comprise of:
 - International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017;
 - Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan, as are notified under the Companies Act, 2017;
 - Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017; and
 - Directives issued by the State Bank of Pakistan and the Securities and Exchange Commission of Pakistan (SECP).

Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 or the directives issued by SBP and SECP differ with the requirements of the IFRS or IFAS, requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives shall prevail.

- 3.2** These financial statements have been prepared in conformity with the format of financial statements prescribed by the State Bank of Pakistan (SBP) vide BPRD Circular No. 02, dated January 25, 2018.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

3.3 The SBP, vide BPRD Circular No. 4, dated October 23, 2019, has deferred the applicability of IFRS 9, Financial Instruments until January 01, 2021. The SBP, vide BSD Circular No. 10, dated August 26, 2002 has also deferred the applicability of International Accounting Standard 40, Investment Property for banking companies till further instructions. Further, according to a notification of SECP dated April 28, 2008, IFRS 7 "Financial Instruments: Disclosure" has not been made applicable for banks. Accordingly, the requirements of these standards have not been considered in the preparation of these financial statements. However, investments have been classified and valued in accordance with the requirements prescribed by SBP through its various circulars.

3.4 SBP through BPRD Circular No. 04 of 2015 dated February 25, 2015 has deferred applicability of Islamic Financial Accounting Standard-3 for Profit & Loss Sharing on Deposits (IFAS-3) issued by the Institute of Chartered Accountants of Pakistan and notified by the Securities and Exchange Commission of Pakistan (SECP), vide their SRO No. 571 of 2013 dated June 12, 2013 for institutions offering islamic financial services. The standard will result in certain new disclosures in the financial statements of the Bank as and when notified by SBP.

3.5 Standards, interpretations of and amendments to published approved accounting standards that are effective in the current year

There are certain new and amended standards, issued by International Accounting Standards Board (IASB), interpretations and amendments that are mandatory for the Bank's accounting period beginning on or after January 01, 2020 but are considered not to be relevant or do not have any significant effect on the Bank's operations therefore not detailed in these financial statements.

3.6 Standards, interpretations of and amendments to published approved accounting standards that are not yet effective

The following standards, amendments and interpretations as notified under the Companies Act, 2017 will be effective for accounting periods beginning on or after January 01, 2021;

Standard		Effective date (annual periods beginning on or after)
IFRS 9	Financial Instruments – original (refer to note 3.7.1)	January 01, 2021
IFRS 7 & IFRS 9	Interest Rate Benchmark Reform – Phase 2 – Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16	January 01, 2021
IFRS 3	Business Combinations – The amendment updates a reference in IFRS 3 to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations.	January 01, 2022
IAS 16	Property, plant and equipment – Amendment to clarify the prohibition on an entity from deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognizes the proceeds from selling such items, and the cost of producing those items, in profit or loss.	January 01, 2022

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

Standard		Effective date (annual periods beginning on or after)
IAS 37	Provisions, Contingent Liabilities and Contingent Assets to specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making.	January 01, 2022
IAS 1	Presentation of Financial Statements to clarify how to classify debt and other liabilities as current or non-current.	January 01, 2023
IFRS 10 & IAS 28	Consolidated Financial Statements & Investment in Associates and Joint Ventures - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture – (Amendment)	Not yet finalized

In addition to the above new standards and amendments to standards, improvements to various accounting standards (under the annual improvements 2018 - 2020 cycle) have also been issued by the IASB in May 2020. Such improvements are generally effective for accounting periods beginning on or after January 01, 2022:

IFRS 9	Financial Instruments: Fees in the '10 per cent' test for derecognition of financial liabilities - The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf. There is no similar amendment proposed for IAS 39.
IFRS 16	Leases: Lease incentives – The amendment removes the illustration of payments from the lessor relating to leasehold improvements in Illustrative Example 13 accompanying IFRS 16. This removes potential confusion regarding the treatment of lease incentives when applying IFRS 16.
IAS 41	Agriculture: Taxation in fair value measurements – The amendment removes the requirement in paragraph 22 of IAS 41 that entities exclude cash flows for taxation when measuring the fair value of assets within the scope of IAS 41.

The Bank expects that the adoption of the above standards, amendments and improvements will have no material effect on the Bank's financial statements, in the period of initial application. Moreover, status of IFRS 9 implementation is discussed in note 3.7.1.

Further, the following new standards have been issued by the IASB, which are yet to be notified by the SECP for the purpose of applicability in Pakistan:

Standard		Effective date (annual periods beginning on or after)
IFRS 1	First-time Adoption of International Financial Reporting Standards	January 01, 2004
IFRS 17	Insurance Contracts	January 01, 2023

The Bank expects that the adoption of the above standards will have no material effect on the Bank's financial statements, in the period of initial application.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

3.7.1 IFRS 9 Financial Instruments

IFRS 9 'Financial Instruments' - SBP vide its BPRD Circular No. 04 of 2019 dated 23 October 2019 directed the banks in Pakistan to implement IFRS 9 with effect from 01 January 2021. IFRS 9 replaces the existing guidance in IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39. The Bank has calculated the impact of adoption of IFRS 9 on the financial statement of the Bank on the date of initial application, which will be finalized post issuance of IFRS 9 guidelines from SBP.

4 BASIS OF MEASUREMENT

Accounting convention

These financial statements have been prepared under the historical cost convention except that certain class of operating fixed assets and non-banking assets acquired in satisfaction of claims are stated at revalued amounts and certain investments and derivative financial instruments are stated at fair value and the recognition of certain employees benefits at present value, as disclosed in their respective notes.

5 SIGNIFICANT ESTIMATES AND JUDGEMENTS

The preparation of financial statements in conformity with applicable accounting and reporting standards require management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods, if the revision affects both current and future periods.

The areas where various assumptions and estimates are significant to the Bank's financial statements or where judgment was exercised in application of accounting policies are as follows:

5.1 Classification of investments

- In classifying investments the Bank follows the guidance provided in SBP circulars.
- Investments classified as 'held for trading', are securities which are acquired with an intention to trade by taking advantage of short term market / interest rate movements and are to be sold within 90 days of acquisition.
- Investments classified as 'held to maturity' are non-derivative financial assets with fixed or determinable payments and fixed maturity. In making this judgment, the Bank evaluates its intention and ability to hold such investment to maturity.
- The investments other than those in associates which are not classified as 'held for trading' or 'held to maturity' are classified as 'available for sale'.

5.2 Impairment of available-for-sale equity investments and investment in associate

The Bank determines that "available-for-sale" equity investments are impaired when there has been a significant or prolonged decline in the fair value below its cost. This determination of what is significant or prolong requires management to exercise judgment. In making this judgment, the Bank evaluates among other factors, the volatility in share price. In addition, impairment may be appropriate when there is evidence of deterioration in the financial health of the investee, industry and sector performance, changes in technology and operational and financing cash flows.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

5.3 Provision against advances

The Bank reviews its loan portfolio including islamic financing and related assets to assess the amount of non-performing loans and advances and islamic financing and provision required there-against. While assessing this requirement various factors including the delinquency in the account, financial position of the borrower, the forced sale value of securities and requirements of the Prudential Regulations are considered.

Till December 31, 2019, the Bank was maintaining general provision against its portfolio of loans and advances in accordance with prudential regulations which require general provision only against consumer finance portfolio. During the year, the Bank has also made general provision against its remaining portfolio of loans and advances as further explained in note 42.1 to these financial statements.

5.4 Income taxes

In making estimates for current income taxes payable by the Bank, the management considers the current income tax laws and the decisions of appellate authorities on certain issues in the past. There are certain matters where the Bank's view differs with the view taken by the income tax authorities and such amounts are shown as a contingent liability. Regarding provision for deferred taxes, estimates of the Bank's future taxable profits and expected reversal of deductible temporary differences are taken into account.

5.5 Depreciation, amortization and revaluation of operating fixed assets

In making estimates of the depreciation / amortization, management uses method which reflects the pattern in which economic benefits are expected to be consumed by the Bank. The method applied is reviewed at each financial year end and if there is a change in the expected pattern of consumption of the future economic benefits embodied in the assets, the method is changed to reflect the change in pattern. Such change is accounted for as change in accounting estimates in accordance with International Accounting Standard (IAS 8) "Accounting Policies, Changes in Accounting Estimates and Errors."

Further, the Bank estimates the revalued amount of leasehold land on a regular basis. The estimates are based on valuations carried out by independent professional valuer under the current market conditions.

5.6 Defined benefit plan

The liability of the defined benefit plan (gratuity) is determined using actuarial advice using the Projected Unit Credit Method. The actuarial valuation involves making assumptions about discount rates, expected rates of returns on assets and future salary increases, which have been disclosed in note 35.1. Actuarial assumptions are entity's best estimates of the variables that will determine the ultimate cost of providing post-employment benefits. Changes in these assumptions in future years may affect the liability / asset under the plan in those years. The latest actuarial valuation was carried out on December 31, 2020.

5.7 Valuation of Right-of-Use assets and lease liability

5.7.1 Estimating the incremental borrowing rate

The Bank cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate ('IBR') to measure lease liabilities. The IBR is the rate of interest that the Bank would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment.

5.7.2 Determination of the lease term for lease contracts with renewal and termination options

The Bank determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain that termination option will not be exercised.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

The Bank has several lease contracts that include extension and termination options. The Bank applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Bank reassesses the lease term if there is a significant event or change in circumstances that is within its control that affects its ability to exercise or not to exercise the option to renew or to terminate the lease.

5.8 Non-banking assets acquired in satisfaction of claims

The Bank estimates the revalued amounts of non-banking assets acquired in satisfaction of claims on a regular basis. The estimates are based on expected legal enforceability, ease of realization and valuations carried out by an independent valuation expert under the market conditions.

6 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted in the preparation of these financial statements are consistent with those of the previous financial year except the change explained in note 3.5, which had no material impact on these financial statements.

6.1 Cash and cash equivalents

Cash and cash equivalents are carried at cost. For the purpose of the cash flow statement, cash and cash equivalents comprise cash and bank balances with treasury and other banks that are highly liquid and readily convertible to known amounts of cash and subject to an insignificant risk of changes in value.

6.2 Lendings to / borrowings from financial institutions

The Bank enters into transactions of borrowing (re-purchase) from and lending (reverse re-purchase) to financial institutions, at contracted rates for a specified period of time. These are recorded as under:

a) Sale under repurchase agreements

Securities sold with a simultaneous commitment to repurchase at a specified future date (repos) continue to be recognized in the statement of financial position and are measured in accordance with accounting policies for investment and counterparty liability is included in borrowings from financial institutions. The difference between sale and repurchase price is treated as mark-up/return/interest expense and accrued over the term of the repo agreement.

b) Purchase under resale agreements

Securities purchased with a corresponding commitment to resell at a specified future date (reverse repos) are not recognized in the statement of financial position, instead amounts paid under these agreements are included in lending's to financial institutions. The difference between purchase and resale price is treated as mark-up/return/interest income and accrued over the term of the reverse repo agreement.

c) Other lendings

Other lendings include term lendings and unsecured lendings to financial institutions. These are stated net of provision. Mark-up / interest income on such lending is recorded on time proportion basis using effective interest rate method except mark-up on impaired / delinquent lendings, which are recognized on receipt basis.

d) Other borrowings

Other borrowings including borrowings from SBP are recorded at proceeds received. Mark-up expense on such borrowings is charged to the profit and loss account on time proportion basis using effective interest method.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

6.3 Investments

6.3.1 Classification

The Bank classifies its investments as follows:

6.3.1.1 Held-for-trading

These are securities which are either acquired for generating a profit from short-term fluctuations in market prices, interest rate movements and dealer's margin or are securities included in a portfolio in which a pattern of short-term profit taking exists.

6.3.1.2 Held-to-maturity

These are securities with fixed or determinable payments and fixed maturity in respect of which the Bank has the positive intent and ability to hold to maturity.

In Bai Muajjal, the Bank sells Sukuk on credit to Government of Pakistan. The credit price is agreed at the time of sale and such proceeds are received at the end of the credit period.

6.3.1.3 Available-for-sale

These are investments that do not fall under the "held for trading" or "held to maturity" categories.

6.3.1.4 Associates

Investments in associated companies are stated at cost. Provision is made for impairment in value, if any.

6.3.2 Regular way contracts

All purchases and sales of investments that require delivery within the timeframe established by regulation or market convention are recognized at trade date, which is the date at which the Bank commits to purchase or sell the investments.

6.3.3 Initial measurement

Investments other than those categorized as "held for trading" are initially recognized at fair value, which includes transaction costs associated with investments. Investments classified as "held for trading" are initially recognized at fair value and transaction costs are expensed in the profit and loss account.

6.3.4 Subsequent measurement

6.3.4.1 Held-for-trading

These are measured at subsequent reporting dates at fair value. Gains and losses on re-measurement are included in the profit and loss account. The unrealised surplus / (deficit) arising on revaluation of quoted securities which are classified as held for trading is taken to the profit and loss account.

6.3.4.2 Held-to-maturity

These are measured at amortized cost using the effective interest rate method, less any impairment loss recognized to reflect irrecoverable amounts.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

6.3.4.3 Available-for-sale

Quoted-securities classified as available-for-sale investments are measured at subsequent reporting dates at fair value. Surplus / (deficit) arising on revaluation of quoted securities which are classified as 'available for sale', is included in the statement of comprehensive income and is shown in the statement of financial position as part of equity. The surplus / (deficit) arising on these securities is taken to the profit and loss account when actually realised upon disposal or in case of impairment of securities.

Premium or discount on debt securities classified as available for sale and held to maturity is amortised using effective interest method and taken to the profit and loss account.

Unquoted equity securities are valued at the lower of cost or break-up value. A decline in the carrying value is charged to the profit and loss account. The break-up value of these equity securities is calculated with reference to the net assets of the investee company as per the latest available audited financial statements. Investments in other unquoted securities are valued at cost less impairment losses.

6.3.5 Impairment

Provision for diminution in the value of securities is made after considering impairment, if any, in their value and charged to profit and loss account. Impairment is recognized when there is an objective evidence of significant or prolonged decline in the value of such securities. Provision for impairment against debt securities is made as per the aging criteria prescribed by the Prudential Regulations of SBP.

6.4 Advances

6.4.1 Advances (including Islamic financings) are stated net of specific and general provisions. Specific and general provision against advances is determined on the basis of Prudential Regulations and other directives issued by the SBP and charged to the profit and loss account. Advances are written-off when there are no realistic prospects of recovery.

Receivables against lease finance where Bank is a lessor (other than Ijarah)

Leases where the Bank transfers substantially all the risks and rewards incidental to ownership of an asset to the lessee are classified as finance leases. A receivable is recognised at an amount equal to the present value of the lease payments including any guaranteed residual value.

6.4.2 Murabaha

Funds disbursed for purchase of goods are recorded as 'Advance for Murabaha'. On culmination of Murabaha, i.e. sale of goods to customers, Murabaha financings are recorded at the deferred sale price net of profit. Goods that have been purchased but remained unsold are recorded as inventories. Profit is recorded at the time of sale of goods under Murabaha as deferred income and is included in the amount of Murabaha financings. Profit is taken to the profit and loss account over the period of the Murabaha.

6.4.3 Ijarah financings

Ijarah financings executed on or before December 31, 2008 have been accounted for under finance method, thereafter all Ijarah financings are accounted for under IFAS 2.

- (a) Under Finance method, the present value of minimum Ijarah payments have been recognized and shown under financings. The unearned income, i.e. the excess of aggregate Ijarah rentals over the cost of the asset and documentation charges under Ijarah facility is deferred and then amortized over the term of the Ijarah, so as to produce a constant rate of return on net investment in the Ijarah. Gains / losses on termination of Ijarah contracts are recognized as income on a receipt basis. Income on Ijarah is recognized from the date of delivery of the respective assets to the Mustajir (lessee).

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

- (b) Under IFAS 2 method, assets underlying Ijarah financing have been carried at cost less accumulated depreciation and impairment losses, if any, and are shown under financing. Rentals accrued from Ijarah financings net of depreciation charged are taken to profit and loss account. Depreciation on Ijarah assets is charged by applying the straight line method over the Ijarah period which is from the date of delivery of respective assets to Mustajir up to the date of maturity / termination of Ijarah agreement.

6.4.4 Diminishing Musharakah

Diminishing Musharakah represents an asset in joint ownership, whereby a partner promises to buy the equity share of the other partner until the title to the equity is totally transferred to him. The partner using the asset pays the proportionate rental of such asset to the other partner (the Bank). Profit on Diminishing Musharakah financing is recognized on accrual basis.

6.4.5 Salam

Salam is a sale transaction where the seller undertakes to supply some specific goods / commodities to the buyer at a future date against an advance price fully paid on spot. In Salam Bank financing, the Bank purchases some specific goods / commodities from its customers to be delivered within an agreed time. The goods are then sold and the amount hence financed is received back by the Bank.

6.4.6 Istisna

In Istisna financing, the Bank places an order to client (seller/manufacturer) to manufacture and deliver specific goods/commodities at an agreed price. The goods are then sold and the amount hence financed is received back to the Bank.

6.4.7 Inventories

The Bank values its inventories at the lower of cost or net realizable value. Cost of inventories represents the actual purchase made by the Bank / customers as an agent on behalf of the Bank for subsequent sale. The net realizable value is the estimated selling price in the ordinary course of business less the estimated cost necessary to make the sale.

6.4.8 Provision against advances

Provision for non-performing advances is determined in accordance with the requirements of the Prudential Regulation. The Bank reviews its loan portfolio to assess amount of non-performing loans and determine provision required there against. While assessing this requirement various factors including the past dues, delinquency in the account, financial position and future business / financial plan of the borrower, value of collateral held and requirements of Prudential Regulations are considered. The Bank is allowed to consider the effect of Forced Sale Value of collaterals in determining the amount of provision.

The amount of general provision against domestic consumer and SME advances is determined in accordance with the relevant / Prudential Regulations and SBP directives.

Owing to the impact of Covid - 19 on economic activity, several business segments of economy were impacted by the pandemic. Therefore, certain borrowers of the Bank have availed the SBP enabled deferment / restructuring and rescheduling. However, the full potential effect of the economic stress is difficult to predict given the uncertain economic environment. Hence, the management estimates that it is appropriate to maintain an additional general provision on the funded advances at the rate of 2.50% excluding:

- (a) Government Sector Advances;
- (b) Non-Performing loans; and
- (c) Consumer and Small Enterprises.

Management also provided for an additional 1.70% general provision on Consumer and Small Enterprises.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

These provisions are based on management's best estimate; resulting in recognition of an additional provision of Rs. 1,135 million in the profit and loss account of the current year.

Advances are written-off when there are no realistic prospects of recovery.

6.5 Operating fixed assets and depreciation

6.5.1 Capital-work-in progress

Capital-work-in progress is stated at cost less accumulated impairment losses, if any. These are transferred to operating fixed assets as and when the assets are available for use.

6.5.2 Tangible fixed assets

Property and equipment, except land, which is not depreciated, are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of fixed assets. Leasehold land is carried at revalued amount while freehold land carried at cost less accumulated impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Bank and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the profit and loss account when incurred.

Depreciation on fixed assets is charged to income over the useful life of the asset on a systematic basis by using the straight line method at the rates stated in note 12.3. Depreciation charge commences from the month when the asset is available for use and continues till the month the asset is discontinued either through disposal or retirement.

Revaluation of leasehold land is carried out with sufficient regularity to ensure that the carrying amount of the land does not differ materially from the fair value. Any revaluation increase in the carrying amount of land is recognized in other comprehensive income and presented as a separate component of equity as "revaluation surplus on fixed assets", except to the extent that it reverses a revaluation decrease / deficit for the same asset previously recognized in profit and loss account, in which case the increase is first recognized in profit and loss account to the extent of the decrease previously charged. Any decreases that reverse previous increases of the same asset are first recognized in other comprehensive income to the extent of the remaining surplus attributable to the asset. All other decreases are charged to profit and loss account. The revaluation reserve is not available for distribution to the Bank's shareholders.

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each reporting date. Gains and losses on disposal of fixed assets are included in the profit and loss account, except that the related surplus on revaluation of fixed assets (net of deferred tax) is directly transferred to un-appropriated profit.

6.5.3 Intangible assets

Intangible assets having finite useful life are stated at cost less accumulated amortization and impairment losses, if any. Intangible assets are being amortized using the straight-line method over their useful lives as stated in note 13.2. Amortization is charged from the month of acquisition and up to the month of deletion. The useful lives and amortization method are reviewed and adjusted, if appropriate, at each reporting date. Costs associated with maintaining computer software are recognized as an expense when incurred.

6.6 Leases

The Bank assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

Bank as a lessee

The Bank applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Bank recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of-use assets

The Bank recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the lease term.

The right-of-use assets are presented within note 12 fixed assets and are subject to impairment in line with the Bank's policy as described in note 6.8 Impairment of non-financial assets.

Lease liabilities

At the commencement date of the lease, the Bank recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (less any lease incentives receivable), variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Bank and payments of penalties for terminating the lease, if the lease term reflects exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs.

6.7 Non-banking assets acquired in satisfaction of claims

Non-banking assets acquired in satisfaction of claims are initially measured at settlement amount and upon revaluation, are carried at revalued amounts less accumulated depreciation and impairment, if any. The useful lives and depreciation method are reviewed annually and adjusted, if appropriate. These assets are revalued as per SBP's requirement by independent professionally qualified valuers to ensure that their net carrying value does not differ materially from their fair value. A surplus arising on revaluation of assets is credited to the 'surplus on revaluation of Non-banking assets acquired in satisfaction of claims' in surplus / deficit on revaluation of asset account and any deficit arising on revaluation is taken to profit and loss account directly as an impairment. A subsequent increase in the market value of an impaired asset is reversed through the profit and loss account up to the extent of impairment and thereafter credited to surplus on revaluation of that asset account. Legal fees, transfer costs and direct costs of acquiring title of assets is charged to profit and loss account and not capitalized.

Depreciation on assets acquired in satisfaction of claims is charged to the profit and loss account on the same basis as depreciation charged on the Bank's owned fixed assets.

If the recognition of such assets results in a reduction of non-performing loan, such reductions and the corresponding reductions in the provisions held against non-performing loans are disclosed separately.

These assets are generally intended for sale. Gain and loss realized on sale of such assets are disclosed separately from gains or losses realized on the sale of fixed assets. Surplus on revaluation, net of deferred tax, realized on disposal of these assets is transferred directly to the unappropriated profit. If such an asset is subsequently used by the Bank for its own operations, the asset is transferred to fixed assets.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

6.8 Impairment of non-financial assets

The carrying amounts of the Bank's non-financial assets, other than deferred tax asset, are reviewed at each reporting date for impairment whenever events or changes in circumstances indicate that the carrying amounts of the assets may not be recoverable. If such indication exists, and where the carrying value exceeds the estimated recoverable amount, assets are written down to their recoverable amount. Recoverable amount is the greater of net selling price and value in use. The resulting impairment loss is taken to the profit and loss account except for the impairment loss on revalued assets, which is adjusted against the related revaluation surplus to the extent that the impairment loss does not exceed the surplus on revaluation of that asset.

6.9 Taxation

Income tax expense comprises of current and deferred tax. Income tax expense is recognized in the profit and loss account except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity.

6.9.1 Current

Provision for current taxation is based on taxable income for the year determined in accordance with the prevailing laws of taxation on income earned. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profits for the year. The charge for the current year also includes adjustments, where considered necessary relating to prior years, arising from assessments finalized during the year for such years.

6.9.2 Deferred

Deferred tax is recognized using the balance sheet liability method on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax is calculated at the tax rates that are expected to apply to the periods when the differences are expected to reverse, based on tax rates that have been enacted or substantively enacted at the reporting date.

Deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available against which the assets can be utilized. Deferred tax asset is reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax, if any, on revaluation of fixed asset and investments is recognized as an adjustment to surplus / (deficit) arising on revaluation in accordance with the requirements of IAS-12 "Income Taxes".

The carrying amount of deferred income tax assets are reviewed at each statement of financial position date and reduced to the extent that it is no longer probable that sufficient taxable profit or taxable temporary differences will be available to allow all or part of the deferred income tax asset to be utilised.

In making the estimates for current and deferred taxes, the management looks at the income tax law and the decisions of appellate authorities on certain issues in the past. There are certain matters where the Bank's view differs with the view taken by the income tax department and such amounts are shown as contingent liability.

6.10 Employee benefits

6.10.1 Defined benefit plan

The Bank operates a funded gratuity scheme for all its permanent employees. Contributions are made to the fund by the Bank in accordance with the rules of the scheme. Employees are entitled to the benefits under the scheme which comprises of one last drawn basic salary for each completed year of service. Contributions to the fund are made on the basis of actuarial recommendations. Actuarial valuation was carried out on December 31, 2020 using the Projected Unit Credit Method. Actuarial gains / losses arising from experience adjustments and changes in actuarial assumptions are recognized immediately in other comprehensive income.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

Previously, the Bank's policy was to pay gratuity equal to two months basic pay for each completed year of service which has now been revised. Effective January 01, 2019, the gratuity equal to one month basic pay for each completed year shall be payable to permanent employees on retirement or discharge by the Bank or if he / she leaves the Bank's service voluntarily, other than those dismissed for misconduct. The Board of Directors of the Bank approved that gratuity at the rate of two months basic pay shall be paid upto the year ended December 31, 2018 and the new policy is applicable from January 01, 2019 onwards.

6.10.2 Defined contribution plan

The Bank operates a recognized contributory provident fund covering all its permanent employees. Equal monthly contributions are made by the Bank and the employees to the fund at a rate of 8.33% (2019: 8.33%) of basic salary.

6.11 Financial instruments

6.11.1 Financial assets and liabilities

Financial assets and financial liabilities are recognized at the time when the Bank becomes a party to the contractual provision of the instrument. Financial assets are de-recognized when the contractual right to future cash flows from the asset expires or is transferred along with the risk and reward of the asset. Financial liabilities are de-recognized when obligation specific in the contract is discharged, cancelled or expired. Any gain or loss on de-recognition of the financial asset and liability is recognized in the profit and loss account of the current period. The particular recognition and subsequent measurement methods adopted for significant financial assets and financial liabilities are disclosed in the individual policy statements associated with them.

6.11.2 Derivative financial instruments

Derivative financial instruments are initially recognized at fair value on the date on which the derivative contract is entered into and are subsequently re-measured at fair value using appropriate valuation techniques. All derivative financial instruments are carried as assets when fair value is positive and liabilities when fair value is negative. Any change in the fair value of derivative financial instruments is taken to the profit and loss account.

6.12 Revenue recognition

(a) Income on Murabaha is accounted for on culmination of Murabaha transaction and is recognized as revenue on a time proportionate basis. Unearned profit is accounted for by crediting deferred Murabaha income, which is recorded as a liability.

(b) Interest / return / mark-up on regular loans / advances (other than Murabaha) and debt securities investments is recognized on time proportion basis. Where debt securities are purchased at premium or discount, the same is amortized through the profit and loss account using the effective interest rate method.

(c) Interest / return / mark-up recoverable on classified loans and advances and investments is recognized on receipt basis. Interest / return / mark-up on classified rescheduled / restructured loans and advances and investments is recognized as permitted by the regulations of the SBP.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

(d) For Ijarah contracts written up to December 31, 2008, the Bank follows finance method in recognizing income. Under this method the unearned finance income i.e. the excess of aggregate Ijarah rentals over the cost of the asset and documentation charges under Ijarah facility, is deferred and then amortized over the term of the Ijarah, so as to produce a constant rate of return on net investment in the Ijarah. Gains / losses on termination of Ijarah contracts are recognized as income on receipt basis. Income on Ijarah is recognized from the date of delivery of the respective assets to the Mustajir.

(e) Rentals on Ijarah contracts written subsequent to December 31, 2008 are recognized as income on accrual basis as and when the rentals become due. Income is recognized net of depreciation charged in the profit and loss account.

(f) Dividend income is recognized when the Bank's right to receive the dividend is established.

(g) Fee, commission, liquidated damages etc. are recorded on accrual basis when the service has been provided. Fees and commission which in substance amount to an additional interest charge, are recognized over the life of the underlying transaction on a level yield basis.

(h) Gain / loss on sale of investments is credited / charged to profit and loss account.

(i) The Bank earns fee and commission income from a diverse range of financial services it provides to its customers. Fee and commission income is recognised at an amount that reflects the consideration to which the Bank expects to be entitled in exchange for providing the services.

The Bank recognises fees earned on transaction-based arrangements at a point in time when the Bank has provided the service to the customer. Where the contract requires services to be provided over time, income is recognised on a systematic basis over the life of the agreement.

6.13 Foreign currencies

a) Foreign currency transactions and balances

Transactions in foreign currencies are translated into Pakistani Rupees at the exchange rates prevailing on the transaction date. Monetary assets and liabilities in foreign currencies are expressed in Rupee terms at the rates of exchange prevailing on the reporting date. Foreign bills purchased and forward foreign exchange contracts are valued at forward rates applicable to their respective maturities.

b) Translation gains and losses

Translation gains and losses are included in profit and loss account.

c) Commitments

Commitments for outstanding forward foreign exchange contracts disclosed in the financial statements are translated at forward rates applicable to their respective maturities. Contingent liabilities / commitments for letters of credit and letters of guarantee denominated in foreign currencies are expressed in Rupee terms at the rates of exchange prevailing on the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

6.14 Segment reporting

A segment is a distinguishable component of the Bank that is engaged in providing products and services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risk and rewards that are different from those of other segments. 22.5 The income tax assessments of the Bank have been finalized up to tax year 2020.

During the previous year, the Assistant Commissioner Inland Revenue (IR) Peshawar passed an impugned order dated September 30, 2019 for the tax year 2014 under section 122(1) of the Income Tax Ordinance, 2001, creating a demand of Rs. 1.73 billion, by disallowing the entire amount of mark-up expense and others under section 21 (C) and ignoring section 165(2), wherein, all required information was already submitted with the Income tax department. Being aggrieved, the Bank has filed appeal with Commissioner Inland Revenue (Appeals), which is pending adjudication, and a stay has been obtained. Management of the Bank is confident that the demand of Rs.1.73 billion has no lawful grounds and justifications therein, therefore is not sustainable before the law being devoid of merit.

During financial year 2011, the tax authorities issued an amended order for the tax year 2009 disallowing certain expenditure on account of lack of evidence for such expenditure resulting in an additional tax demand of Rs. 308.9 million. The Bank filed an appeal as well as rectification application against the said order. Based on rectification application, the order was amended and accordingly the additional demand was reduced to Rs. 256.349 million. During 2012, the Commissioner Inland Revenue (Appeals) [CIR (A)] through an order dated June 01, 2012 has deleted certain additions on account of disallowances except for the additions under certain heads of expenses having tax impact of approximately Rs. 23 million. The Bank had filed an appeal against the order of the Appellate Tribunal Inland Revenue (ATIR) in respect of remaining additions which also decided in favour of the Bank. Subsequently, CIR went in to appeal in Peshawar High Court. The management is confident that matter will be decided in Bank's favour.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

35.1.10 Sensitivity analysis

The sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied, as applied when calculating the gratuity liability recognized within the statement of financial position.

35.1.14 Funding policy

Contributions to the Fund are made on the basis of actuarial recommendation. The Bank expects to adjust / recover net surplus of Rs. 335.447 million within next two years. Accordingly, the effect of asset ceiling is not significant to the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

35.1.15 Risks associated with Defined Benefit Plans

Asset Volatility

The risk arises due to inclusion of the risky assets in the gratuity fund portfolio, inflation and interest rate volatility.

Changes in Bond yields

The risk arises when bond yield is lower than the expected return on plan assets (duration based PIB discount rate).

Inflation Risks

The risk arises if gratuity benefits are linked to inflation and the inflation is higher than expected, which results in higher liability.

Life expectancy / withdrawal Risk

The risk of actual withdrawals varying with the actuarial assumptions can impose a risk to the benefit obligation. The movement of the liability can go either way.

Longevity Risk

The risk arises when the actual lifetime of retirees is longer than expectation. The risk is measured at the plan level over the entire retiree population.

Salary Increase Risk

The most common type of retirement benefit is one where the benefit is linked with final salary. The risk arises when the actual increases in salary are higher than expectation and impacts the liability accordingly.

35.2 COMPENSATED ABSENCES

During the previous year, the Bank discontinued the leave encashment policy by paying off outstanding liability, based on latest valuation carried out by an independent actuary, in respect of leave encashment hence no liability was outstanding as at December 31, 2019.

35.3 DEFINED CONTRIBUTION PLAN - EMPLOYEES' PROVIDENT FUND

General description of the Fund is disclosed in note 6.10.2 to these financial statements. The number of employees covered under the scheme are 1,402 (2019: 1,334). During the year the Bank has contributed Rs. 69.166 million (2019: Rs. 69.217 million) to the Fund.

37 FAIR VALUE MEASUREMENTS

The fair value of quoted investments other than those classified as held to maturity is based on quoted market prices. The fair value of unquoted equity investments is determined on the basis of break-up value of these investments as per their latest available audited financial statements. The fair value of fixed term loans, other assets, other liabilities and fixed term deposits cannot be calculated with sufficient reliability due to the absence of current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments. The provision for impairment of loans and advances has been calculated in accordance with the Bank's accounting policy as stated in note 5.3.

The maturity and re-pricing profile and effective rates are stated in notes 42.5.1 and 42.3.5 respectively.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since assets and liabilities are either short-term in nature or in the case of customer loans and deposits, are frequently re-priced.

37.1 Fair value of financial assets

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

37.2 The table below analyses the financial and non-financial assets carried at fair values, by valuation methods. For financial assets, the Bank essentially carries its investments in debt and equity securities at fair values. Valuation of investments is carried out as per guidelines specified by the SBP. In case of non-financial assets, the Bank has adopted revaluation model (as per IAS 16) in respect of leasehold land.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

The valuation techniques used for above assets are same as disclosed in note 6.3 & 6.4 of these financial statements.

The Bank's policy is to recognize transfers into and out of the different fair value hierarchy levels at the date the event or change in circumstances that caused the transfer occurred. There were no transfers between levels 1 and 2 during the year.

Leasehold land is carried at revalued amount as determined by professional valuer, based on their assessment of market value and has been classified under level-3 as the effect of changes in the unobservable inputs used in the valuation cannot be determined with certainty.

(a) Financial instruments in level 1

Financial instruments included in level 1 comprise of investments in listed ordinary shares and units of mutual fund.

(b) Financial instruments in level 2

Financial instruments included in level 2 comprise of Sukuks Bonds, Pakistan Investment Bonds, Market Treasury Bills, Term Finance certificates, FX options and Forward Exchange Contracts.

(c) Financial instruments in level 3

Currently, no financial instruments are classified in level 3.

Valuation techniques and inputs used in determination of fair values within level 1

Fully paid-up ordinary shares	Fair values of investments in listed equity securities are valued on the basis of closing quoted market prices available at the Pakistan Stock Exchange.
Unit of mutual funds	The fair value of investments in units of mutual funds are determined based on their net asset values as published at the close of each business day.

Valuation techniques and inputs used in determination of fair values within level 2

Pakistan Investment Bonds / Market Treasury Bills	Fair values of Pakistan Investment Bonds and Treasury Bills are derived using the PKRV rates for fixed rate securities and PKFRV rates for floating rate PIB's (Reuters page).
Government of Pakistan (GoP) - Ijarah Sukuks	Fair values of GoP Ijarah Sukuks are derived using the PKISRV rates announced by the Financial Market Association (FMA) through Reuters. These rates denote an average of quotes received from eight different pre-defined / approved dealers / brokers.
Term Finance, Bonds and Sukuk certificates	Investments in debt securities (comprising term finance certificates, bonds, Sukuk certificates and any other security issued by a company or a body corporate for the purpose of raising funds in the form of redeemable capital) are valued on the basis of the rates announced by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by the Securities and Exchange Commission of Pakistan. In the determination of the rates, the MUFAP takes into account the holding pattern of these securities and categorises these as traded, thinly traded and non-traded securities.

Valuation techniques and inputs used in determination of fair values within level 3

Operating fixed assets (Leasehold land) and non-banking assets acquired in satisfaction of claims	Leasehold land are revalued on regular basis using professional valuers on the panel of Pakistan Banker's Association. The valuation is based on their assessment of market value of the properties.

42 RISK MANAGEMENT

Banks are in business of taking risk in order to earn acceptable required return. Risk management in Bank of Khyber is performed at each level of authority and is managed through an ongoing process of identification, measurement and monitoring subject to risk limits and other controls.

The Bank is exposed to credit, market, operational and liquidity risks. For mitigation of these risks, Risk Management Group (RMG) is equipped with dedicated resources having expertise in various areas of risk. Credit Risk management department is responsible to assess credit risk present in a loan proposal and makes its recommendations for rectification/management of various credit risk in a loan proposal.

Enterprise Risk Management Division (ERMD) is responsible for Market and Liquidity Risk policy formulation, procedures development, controlling of market and liquidity related various risks including monitoring of exposures against limits and assessment of risks in new businesses. ERMD ensures that the bank's position in Money Market, Foreign exchange, and Capital Market transactions remain within the assigned internal and regulatory limits. Market and liquidity Early Warning Indicators (EWI) and Portfolio-wise Management Action Triggers (MAT) are duly reported to the management. Similarly ERMD also assess the impact of operational risk of loss due to an event or action causing failure of technology, process infrastructure, personnel and other external events. Their impact is assessed through Risk Control Self Assessment (RCSAs), Key Risk Indicators (KRIs) and loss data base. Owing to growing importance of regulatory reporting, a Basel II and Regulatory reporting department has also been established to keep the Bank in line with various regulatory requirements, and Enterprise Risk Management Division works in liaison with it for Capital Adequacy Ratio (CAR), Liquidity Coverage Ratio (LCR), Liquidity Monitoring Tools, and Net Stable Funding Ratio (NSFR) calculation and reporting to SBP. The Bank has also established Green Banking office to reduce vulnerability of the Bank from the risks arising from environment and to fulfill their responsibility to protect environment and to transform it into resource efficient and climate resilient economy. The Environmental Risk Management Desk at ERMD is dedicatedly working over implementation of Environmental Risk Management System.

The Bank is fully aware that risk management could not be solely performed by a dedicated centralized department but instead to have an effective risk management framework, Front line staff of the Bank, senior management and Board oversight is needed to aid in Implementation of the framework. The Bank has a dedicated Management Risk Management Committee (MRMC) and Board Risk Management Committee (BRMC). BRMC is also responsible to review the extent of design and adequacy of risk management framework. The Bank also has a management level Risk Management Committee which is responsible for the smooth implementation of risk management framework within the entire Bank.

42.1 Impact of COVID - 19 on the Bank

The COVID-19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To counter it's impact on businesses and economies, regulators /governments introduced a host of measures on both the fiscal and economic fronts.

The State Bank of Pakistan (SBP) has also responded to the crisis by reducing the Policy Rate by 225 basis points to 11% in March 2020 , 200 basis points to 9% on April 16, 2020, 100 basis points to 8% on May 15, 2020 and by another 100 basis points to 7% on June 25, 2020. Besides, numerous other regulatory measures have been announced by the SBP to support business and economic activity which include, inter-alia, the following:

- Allowing banks to defer borrowers' principal loan payments by one year;
- Relaxing regulatory criteria for restructured/rescheduled loans for borrowers who require relief on account of the principal repayment exceeding one year and / or mark-up;

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

- Relaxing the debt burden ratio for consumer loans from 50% to 60%;
- Reduction in the capital conservation buffer by 100 basis points to 1.5%;
- Increasing the regulatory limit on extension of credit to SMEs to Rs.180 million;
- Providing concessionary refinance facilities to hospitals for financing equipment;
- To control unemployment, offered refinance facilities to customers for meeting their salary expense; and
- Besides, various other steps have been announced to dampen the effects of COVID-19.

COVID-19 is likely to impact banks in Pakistan on many fronts. This includes significant increase in overall credit risk and contraction of fee income due to overall slowdown in economic activity. Furthermore, there is increased operational risk in respect of business operations including enhanced cyber-security threat as increased number of customers have diverted to meet their banking needs through the digital channels.

(a) Credit Risk Management and Asset Quality

The Risk Management function of the Bank is regularly conducting assessments of the credit portfolio to identify borrowers most likely to get affected due to changes in the business and economic environment. The Bank has further strengthened its credit review procedures in the light of COVID-19. The Bank is continuously reviewing the portfolio, to identify accounts susceptible to higher risk, resulting from the COVID-19 outbreak. The Bank's management has created a buffer against unforeseen loan losses and to preserve the quality of the Credit portfolio.

Owing to the impact of COVID-19 on economic activity, several business segments of economy were impacted by the pandemic. Therefore, certain borrowers of the Bank have availed the SBP enabled deferment / restructuring and rescheduling. However, the full potential effect of the economic stress is difficult to predict given the uncertain economic environment. Hence, the management estimates that it is appropriate to maintain an additional general provision on the funded advances at the rate of 2.50% excluding:

- (a) Government Sector Advances;
- (b) Non-Performing loans; and
- (c) Consumer and Small Enterprises.

Management also provided for additional 1.70% general provision on Consumer and Small Enterprises.

These provisions are based on management's best estimate; resulting in recognition of an additional provision of Rs. 1,135 million in the profit and loss account of the current year.

(b) Liquidity Risk Management

In view of the relaxation granted by SBP for deferral of principal and rescheduling of loans there is an impact on the maturity profile of the Bank. The Asset and Liability Committee (ALCO) of the Bank is continuously monitoring the liquidity position and the Bank is confident that the liquidity buffer currently maintained is sufficient to cater to any adverse movement in the cash flow maturity profile.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

(c) **Equity Risk Management**

There is no significant impact of COVID-19 on the listed equity securities of the Bank classified as available-for-sale. Impairment, if any, against these securities has already been recognized in the financial statements. No relief was availed during the year on account of deferral of impairment allowed by SBP.

(d) **Operational Risk Management**

The Bank is closely monitoring the situation and has invoked required actions to ensure the Health and safety of Bank staff alongside uninterrupted service to customers. The senior management of the Bank is continuously monitoring the situation in order to take timely decisions.

Business Continuity Plans (BCP) for respective areas are in place and tested. The Bank enhanced monitoring of cyber-security risks during these times. The remote work capabilities were enabled for staff, where required, and related risks and control measures were assessed to ensure that the Bank's information assets are protected from emerging cyber threats and comply with the regulatory protocols required under the circumstances. The Bank also communicated with its customers on how they could avail the services from its digital/online channels also.

The Bank staff is working tirelessly to ensure that service levels are maintained, customer complaints are resolved and turnaround times are monitored so that the Bank continues to meet the expectations of all stakeholders.

(e) **Capital Adequacy Ratio (CAR)**

In order to encourage banks to continue lending despite anticipated pressure on profits, credit risk and liquidity, the SBP has relaxed the Capital Conservation Buffer (CCB) requirements to 1.5%, resulting in a 1% decline in CAR requirements.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

42.2 Credit risk

Credit risk is the potential that the counterparty will cause a financial loss to the Bank due to its inability or unwillingness to meet its contractual obligations. The Bank is exposed to credit risk through its lending and investment activities as well as from contingent liabilities.

The main objective of the credit risk management process is to identify, assess, measure and monitor credit risk in all the financial exposure of the Bank. The Bank has established a credit risk management framework to manage credit risk on relationship as well as at portfolio level.

Credit risk management is governed by the Board Risk Management Committee and other instructions and guidelines outlined by SBP. The Bank attempts to control risk by monitoring credit exposures, limiting non performing counter parties and continually assessing the credit worthiness of the borrowers. The Bank manages limits and controls concentrations of credit risk to individual counterparties and groups and to industries, where applicable.

The Bank has adopted standardized approach to measure credit risk regulatory capital charge in compliance with Basel-II requirements. The approach relies upon the assessment of external credit rating agencies. The Bank is in the process of continuously improving the system and bringing it in line with the Basel framework requirements.

The Bank has dedicated Customer Risk Rating (CRR) and Facility Risk Rating (FRR) Models for various customer types. The models aim to measure credit risk posed by a counterparty as well facility it has applied for by assessing various qualitative and quantitative attributes keeping in view best industry practices in the field of credit risk management. Each risk rating model covers a dedicated procedural guidelines for its consistent implementation within the Bank. The Bank has also approved a dedicated risk rating policy providing broad policy guidelines for minimum acceptable risk for various borrowers of the Bank.

42.3 Market risk

It is the risk that the value of the on and off-balance sheet positions of the Bank will be adversely affected by movements in market rates or prices such as interest rates, equity prices and/or commodity prices resulting in a loss of earnings, and capital. Market risks arise generally from trading activities, open foreign currency positions, holding common equity, and other products. All such instruments and transactions are exposed to general and specific market movements.

The Bank's Market Risk Management structure consists of BRMC for Board oversight, MRMC and Asset and Liabilities Committee (ALCO) at the senior management level and dedicated Market and Liquidity Risk Management Department reporting directly to Head Enterprise Risk Management Division. Enterprise Risk Management Division is responsible for policy formulation, procedures development, controlling of market risks including monitoring of exposures against limits and assessment of risk in new businesses. Market risk authority, including both approval of market risk limits and approval of market risks is vested in BRMC and ALCO.

The Bank seeks to mitigate market risk by employing strategies that correlate price, rate and spread movements of its earning assets, liabilities and trading activities. Various broad limits are set and recommended by ALCO to BRMC approval for proper management of Market risk. ERMD has developed a dedicated Financial Institutions (FIs) model for inter-bank lines setting to different financial institutions. The intra-day positions are managed by treasury division through Management Action Trigger(MAT) / Dealers limits. Stress testing is carried out for both Banking and trading books as per SBP guidelines.

The Bank has adopted standardized approach to measure market risk regulatory charge in compliance with Basel II and III requirements. ERMD is preparing stress testing report and market risk capital charge on quarterly basis.

42.3.2 Foreign exchange risk

Foreign exchange risk / currency risk is defined as risk of loss to earnings and capital arising from adverse movements in currency exchange rates. The Bank undertakes currency risk mostly or supports its trade services and maintains overall foreign exchange risk positions to the extent of statutory foreign exchange exposure limit prescribed by SBP.

Exposure limits such as counterparty, gap currency-wise net open position, portfolio-wise management action triggers, dealer and product limits are also in place in accordance with the Bank's approved policies to limit risk and concentration to the acceptable tolerance levels. ALCO is regularly informed through reports issued on regular frequencies for required monitoring. Hedging strategies and mark-to-market valuations are used to mitigate exchange risk resulting from open positions, where required.

42.3.3 Equity position risk

It is the risk of loss to earning or capital as a result from unfavourable fluctuations in prices of shares in which the Bank carries long and / or short positions, in its trading book.

ALCO (Asset Liability Committee) is responsible for making investment decisions in the capital market and setting limits as per BRMC approved criteria as per Bank's BoD approved market risk management policy. Portfolio, sector and scrip wise limits are assigned by the ALCO to safeguard against concentration risk and these limits are reviewed and revised periodically along with results of different stress tests. The treasury division ensures compliance of concentration limits set by ALCO. Limit breaches if any are promptly reported to ALCO for its ratification and BRMC for their information.

42.3.4 Yield / interest rate risk in the banking book (IRRBB)-Basel II Specific

Yield/ Interest rate sensitivity position for on-balance sheet instruments is based on the earlier of contractual re-pricing or maturity date and for off-balance sheet instruments is based on settlement date. This also refers to the non-trading market risk. BoK has adopted simple GAP analysis method to execute this analysis to estimate the impact on capital by an assumed change (decline by 1 basis point) in interest rates to yield an approximation of the change in net interest income that would result from such an interest rate. movement.

- All assets and liabilities across the Yield interest rate risk sensitive GAPs are assumed to be in unique classification since the all risk sensitive assets and liabilities are considered to be affected through change in yield curve.

Major sources of interest rate risk are:

- differences between the timing of rate changes and the timing of cash flows (re-pricing risk);
- changing rate relationships among different yield curves affecting bank activities (basis risk);
- changing rate relationships across the range of maturities (yield curve risk); and
- interest-related options embedded in bank products (options risk).

Operational risk

The Bank of Khyber, like all financial institutions, is exposed to many types of operational risks, including the potential losses arising from internal activities or external events caused by breakdowns in information, communication, physical safeguards, business continuity, supervision, transaction processing, settlement systems and procedures and the execution of legal, fiduciary and agency responsibilities.

BoK defines Operational Risk as "the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. This definition includes legal risk, but excludes strategic and reputational risk."

A dedicated Operational Risk Management Department (ORMD) is established within Enterprise Risk Management Division (ERMD) to maintain a system of internal controls designed to keep operational risk at appropriate levels keeping in view the Bank's financial strength, the characteristics of the activities and the market in which it operates. These internal controls are periodically updated and tested.

The Bank also has in place a Business Continuity Plan and appropriate outsourcing measures to cater to related operational risks. The Operational Risk Management department engages with Bank's business/ support units and regularly collaborates in determining and reviewing the risks, and suggests controls on need basis. Additionally, all the policies, procedures and systems of the Bank are reviewed from the operational risk perspective, and the recommendations of ERMD are taken into consideration before their approval. ERMD also performed Stress Testing for Operational Shocks for both Conventional and Islamic Banking on following scenarios: 1)Penalty due AML/CFI Violations, 2) Losses due to Shariah Non-Compliance, 3)General Operational Losses.

Currently the Bank uses the Basic Indicator Approach (BIA) for assessing its operational risk capital charge. The Bank also has an approved operational risk policy in terms of SBR BPRD circular 04 of 2014. The Bank is using Risk-Nudeus software for conducting RCSA, assigning Action Plans and reporting of Loss Data. As part of pro-active operational risk management, The Operational Risk Management Department (ORMD) has conducted Bank wide RCSA workshops. The processes were thoroughly discussed with relevant stakeholders for any control failures/lapses. Based on the results of RCSAs, adequate Key Risk Indicators (KRIs) for various business lines are also developed and mapped with various risks. An Automated solution for Incident reporting is duly in place and can be accessed by every employee of the bank for reporting of control breaches leading to losses.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

42.4.1 Operational risk-disclosures Basel II specific

Basic Indicator Approach (BIA) is used for Operational Risk under Basel II.

42.5 Liquidity risk

Liquidity risk is the risk that the Bank is unable to meet its payment obligations associated with its financial liabilities when they fall due, and to replace funds when they are withdrawn. Liquidity risk is governed by the liquidity management policy of the Bank and is managed by Market and Liquidity Risk Management Department under the supervision of ALCO.

The Bank's Asset and Liability Committee (ALCO) manages the liquidity position on a regular basis and is primarily responsible for the formulation of the overall strategy and oversight of the asset and liability function. ALCO monitors the maintenance of liquidity ratios, both in terms of the overall funding mix and avoidance of undue reliance on large individual deposits. The BOD has approved comprehensive Liquidity Risk Management Policy which stipulates the early warning indicators (EWI) of liquidity risk and maintenance of various ratios according to comfortable, acceptable, warning, and stress zones. Moreover, Bank also has Contingency Funding Plan (CFP) in place to address liquidity issues in times of stress / crisis situation. In addition, ALCO and BRMC are briefed about various Liquidity Risk standards like Liquidity Coverage Ratio and its monitoring tools on periodic basis. Further the Bank has designed different scenarios of cash outflows to stress test efficiency of its liquid assets and its impact on profit and loss. Bank performs regular liquidity stress tests as part of its liquidity monitoring activities. The purpose of the liquidity stress tests is intended to ensure sufficient liquidity for the Bank under both idiosyncratic and systemic market stress conditions. The results are regularly reviewed by ALCO for taking appropriate measures.

Bank's liquidity risk management approach involves intraday liquidity management, managing funding sources and evaluation of structural imbalances in balance sheet structure. The Bank's large and stable base of customer deposits, along with Bank's strong capital base supplemented underlying strength and strong liquidity position during the year. Bank also has a substantial portfolio of marketable securities that can be realized in the event of liquidity stress. The level of liquidity reserves as per regulatory requirements also mitigates liquidity risk.

As a part of liquidity management, the Bank maintains borrowing relationships with various financial institutions to ensure the continued access to diverse market of funding sources. The Bank's credit rating together with market reputation has enabled it to secure ample call lines with local and foreign Banks and can fulfil its liquidity gap if a need arises.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

42.6 Derivative risk

Derivatives are type of financial contract that value is determined by underlying one or more assets or benchmarks. Globally Derivatives are known and used to be very complex and risky financial instruments, however in Pakistan the banks usually operates in forwards, futures, swaps and options.

- Currently Bank of Khyber is not dedicatedly involved in Derivatives business or trading however it operates in foreign currency forwards and swaps, a type of financial derivatives. The risk/return attributes of financial derivatives are discussed.
- In our banking industry derivatives desk is operated within treasury business through competent resources in terms of adequate systems and qualified human resources.
- The responsibility to monitor and contain the risks in derivatives business resides with Enterprise Risk Management Division. The Risks associated with Financial Derivatives business are:

Credit Risk:

Credit risk refers to any default by a party involved in derivatives transaction, resulting an adverse impact on the profitability of the bank. The credit risk is further categorized into settlement and pre-settlement risks and are controlled via imposition of limits to derivatives transactions.

Market Risk:

In Pakistan mainly derivatives products are used to hedge/cover interest rate risk and exchange rate risk by taking positions in interest rate swaps, cross currency swaps and foreign currency options. These risks are controlled though taking counter positions (back to back positions) and via limits in terms of DV01 (sensitivity limit) tenor limits and investment limits.

Operational Risk:

The resources in terms of people and systems involved in the management of derivatives activities are required to be adequately qualified, trained and competent in order to avoid the losses generated through mis-handling of derivatives business.

43 Environment and social risk management / green banking

Green Banking Objective is to reduce vulnerability, of the bank from the risks arising from environment and to fulfill their responsibility to protect environment and to transform into resource efficient and climate resilient economy. Social responsibility in the financial sector has evolved and its significance has increased considerably in the past couple of decades. In order to meet the evolved social obligations, BOK has initiated various activities focusing on environmental preservation and energy conservation. For this purpose, the Bank aims to promote the concept of own impact reduction, paperless culture, carbon emissions reduction and encouraging plantation.

Being a socially responsible Bank, we are keen to provide our input in reduction of emissions, increase in awareness through environment friendly practices and reducing our own carbon footprint through establishment of Solar powered ATMs. To reduce its own impact the Bank has converted its two branches totally to renewable energy system i.e. on solar system. Twenty branches and Head Office have successfully shifted to core banking system that has made day to day operations from manual to digital. During the year, the Bank approved the Environmental Risk Avoidance List, and identified high risk areas and sectors where bank will not finance, or will finance with limitation. An undertaking consisting of Environmental Risk Covenants is now made part of the agreements with customer to legally bind the customer to comply with all the national and local environmental rules and regulations.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

During the previous year, the Bank has provided renewable energy (Solar) financing facilities for households and Agriculture Business (solar tube wells), and Drip Technology based Agri financing. Branches have been instructed to use energy efficiently through managing equipment, lesser use of paper, and encouraging plantation in the vicinity of the Branches. Branches are also advised to arrange meetings in order to raise awareness among the staff regarding conservation of energy and environmental protection. Finally, marketing activities are to be carried out using digital medium such as social media. The Bank has developed digital banking solutions with an aim to integrate paperless culture within the Bank as well as among the customers.

Features of general pool

In this pool all types of deposits are accepted on Musharakah basis against all types of assets and income from all types of assets. Certificates can also be issued for a fixed period.

Deposits received in this Pool are invested in Islamic assets like Murabaha, Ijarah, Diminishing Musharakah, Running Musharakah, Istisna, Islamic Sukuks and any other Shariah Compliant Investment which are duly approved by the Shariah Advisor. Deposits are accepted through all BOK Islamic branches, as well as, Islamic desks established in Conventional branches of the Bank.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020

Features of sub-pools

In sub pools, deposits are accepted on Musharakah basis against specific assets and are offered expected profit rates. Certificates can also be issued for a fixed period.

Deposits received in this pool are invested in Islamic assets like Ijarah, Diminishing Musharakah, Running Musharakah, Islamic Sukuks and any other Shariah Compliant investment which are duly approved by the Shariah Advisor. Deposits are accepted through all Islamic branches of the Bank as well as Islamic desks established in conventional branches of the Bank.

These deposits are tagged with specific assets and deposits are accepted only when there is some opportunity of investment. These deposits require approval before acceptance.

Key features

- Minimum investment is prescribed by the Bank for each sub-pool.
- Profit payment on monthly basis.
- Profit calculated on daily average balance for the month.
- Investment as deposit and certificate for 1 month, 3 months and 6 months etc.
- Pre-mature termination is allowed without any adjustment if expected profit reduces for the coming months.

Risks of the special sub - pools

All special pools are created as sub pools of the general pool. All administrative expenses of the pools are borne by the general pool as equity contributor. However, depositors bear the risk of all direct losses and expenses of the pool. All residual income of the pool is transferred to the general pool being equity holders.

Profit sharing and weightages for distribution of profit

Assignment of weightage for profit distribution to different types of profit bearing sources of funds is as follows:

While considering weightages emphasis shall be given to the quantum, type and the period of risk assessed by following factors:

- i. Period of investment (number of months, years)
- ii. Profit payment option (monthly, quarterly, yearly maturity)
- iii. Purpose of deposit (Hajj, Umrah etc.)
- iv. Type of customer (pensioners, widows, corporate, individual)

Weightages are declared five days before start of each month.

As per policy of the Bank, No gift (Hiba) is given in favour of any particular customer or a particular class or category of customers/investors. However, bank reduced its own share of the bank's additional profit which is less than 60% of the Bank's additional profit ratio. The total Hiba amount Rs. 19.6 million (1.43%) is distributed during the year.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2020
