Head Security department gave briefing on the entire Scope of Work and explained main objectives of the tender. A brief discussion was held and the members raised a few queries which were responded on the spot.

Since a detailed pre bid meeting was already conducted before, hence most of the queries of the participants were already clarified and addressed in that meeting. The points discussed were almost the same as discussed in the previous meeting. Since there was no new point discussed in the meeting hence there was no requirement of any changes in the existing Bid Document.
